POWERSERVE DUO T2000 High Density, High Performance Server

Are you ready for a computing revolution? The POWERSERVE DUO T2000 offers a truly unique design resulting in superior performance, increased flexibility, eco-friendly features and tool-free support.

UNIQUE DESIGN

The POWERSERVE DUO T2000 offers two complete and independent servers in just 1U of rack space. There is no backplane found in other "blade" server offerings. This revolutionary server platform not only offers you twice the density but you now have the freedom to design the computing platform of your dreams. You can mix and match configurations to best suit application needs and budget.

TOOL-FREE MAINTENANCE

Ease of maintenance and reduced support time are at the heart of the POWERSERVE DUO T2000 design. All routine maintenance and system upgrades can be performed by simply pulling the tabs to remove the server and accessing all components. No tools required.

ECO FRIENDLY FEATURES

Conserve energy, reduce carbon emissions and save money! With over 55% reusable metal, the POWERSERVE T2000 is the world's eco-friendliest. server available. Now you can tell your friends, that techies are saving the world.

SUPERIOR PERFORMANCE

Brought to you by the company celebrating 20 years in business, the POWERSERVE DUO T2000 is the perfect building block for cluster and cloud computing environments. Don't settle for dull, choose PSSC Labs for all your high performance computing needs.

- SUPPORTED PROCESSORS
  :: Up to (2) Intel® Xeon® or (2) AMD® Opteron®
- MAXIMUM MEMORY
  :: Up to 256 GB DDR3 / ECC / 1600 Mhz Memory Speed
- STORAGE CAPACITY
  :: (2) SATA, SAS, SSD or Hybrid Hard Drive
- REMOTE SUPPORT & MONITORING
  :: Support for IPMI & IKVM
  :: Temperature Monitoring for CPU & Chassis
- NETWORK DEVICES
  :: 2 x 10/100/1000 BaseT Gigabit Adapters Standard
  :: 10Giabit Ethernet or Infiniband Adapter Optional
- EXPANSION SLOTS / GPU SUPPORT
  :: 1 PCI Express x 16 Available
  :: Support for nVidia® and AMD® GPU

- DIMENSIONS + WEIGHT - 1U includes two complete servers
  :: Width: 19" / 430 mm
  :: Depth: 27.75" / 700 mm
  :: Height: 1.5" / 75 mm
  :: Weight: 85 lbs / 53 kg

- POWER
  :: Input: 110 - 240 Volts / 50 -60 Hz
  :: Output: 4.0 Amp (DC)
  :: 90% Plus Efficiency Rating

- GREEN DESIGN
  :: 55% Recyclable / Reusable Chassis Metal
  :: Industry's "GREENEST" Server

- INDUSTRY LEADING WARRANTY
  :: World Wide On Site Support (Same Day & Next Business Day)
  :: 24 x 7 x 365 Unlimited Phone and Email Support Available
  :: Three Year Complete Hardware Warranty
